FAMILY WITHIN THE RAINBOW. Today we are here to show you how much we have grown. So, as far as the family tree, yes we belong. First I want to say thank you for those who are here today, and for those who couldn’t make it and those who passed away. Just know we are always thinking of you today, yesterday and tomorrow, cause these are the colors that won’t fade away. So here all these colors in our hearts we will forever go. It is our true family within the rainbow.
