These are the first and second generations of Sam and Barbara Donaldson. Our family has a heritage of love, honor and integrity. Barbara and Sam Donaldson were hard workers; they were a couple that loved God and taught their children the fear and admonition of the LORD. If we are to honor their memory and what they stood for we must acknowledge that God came first in their lives. If we truly want to honor their memory we must come back to where this family started...

*For I have chosen them (The Donaldson Family) that they may command their children and their households after them to **keep the way of the LORD by doing righteousness and justice**, so that the LORD may bring to Abraham (the Donaldson Family) what he has promised them.*

Genesis 18:19 ESV

Genesis 28:14 ESV (A covenant promise)

Your offspring shall be like the dust of the earth; and you shall spread abroad to the west and to the east and to the north and south. All the families of the earth will be blessed through you and your offspring.

We will continue to add to the family tree as information becomes available.

She Loves (For Mama) Elnora Sled and all Donaldson Mothers

**What manner of love
Doth she hold in her heart?
When all else fails her love prevails
When life is unfair
She loves us to repair
And with recklessness beyond compare
She loves....
From a place of purity
That few can know
She loves....quietly
And willingly...and without
Repose...she loves
Her heart a place of quiet strength
Her compassions know
No breadth or length
She loves...
Through storms and rain
And winter snow
She loves.....
Always there with old school pride
Though the years be many
She carries her stride
With dignity she wears her crown
Refusing to let life take her down
She loves...
God made mothers...a unique design
To fill the void of humankind...
With souls that live ...to give
And give... and give...
She loves....
She stirs the nest...til the eagles fly
She makes demands ...and we comply
Respectfully...Why? Because....
She loves...
No matter how hard our lives become
We know that she will always be the one
Who loves....
An enchanted melody
A true work of art
Such is the LOVE
From my mother's heart
And most of all...
SHE IS LOVED...
We hope today
And throughout your years
That you comprehend
The many ways
That we hold you dear....**

**Though seldom spoken in your ear
Mama ...You are loved....**

Underestimated Value (Dedicated to the Donaldson Young Women of the Next Generation)

I'm not the one they cheer for
I wasn't born ...the star
I don't draw crowds of people
Feigning to stand in my glow
my treasures go unnoticed
my essence quiet and true
I am a woman of mystery
not easily befriended
but often misconstrued
I don't live to recklessly abandon
prefer predictable
over improbable
prefer security
over indulgence
prefer safe
over scandalous...
I'm simple but I'm intricate
a vessel tightly wound
A cautionary novelty
rare and classic
salt of the earth
you have to look deeper
to notice my worth
Not a fly diva
but a young woman of grace
strong and silent
sassy on demand
I'm definitely the exception
not trying to become the rule
Get frowned upon by the masses
Refusing to play
the game of compromise
would rather be alone
than settle
for the foolishness
that is expected
just to say "I've got a man"
Not willing to be a plaything
that's passed from hand to hand
I value my own virtue
Won't drop my standards
on demand
Lonely is the road sometimes
of being misunderstood
Traveling alone
has taught me
to stand in my own strength
Don't need a crowd of
"hype girls" to paint a mirage of glory
I can stand in the confidence of my conviction
that I won't be another "story"

I'll drink the cup of sacrifice
and pay the price of wisdom
I'll be the one who sets the stage
a new example to follow
Independent
Intriguing
I am who I am
that has to be enough
you have to work a little harder
to get inside my world
A treasure to be opened
only by the most deserving
Not trying to be the temptress
the one who "gets her man"
Not willing to be lured and captured
by the hunters on the prowl
Understand who I am
comfortable in my skin
not intimidated by others
learned to be my own best friend
don't need your validation
or phony pledges of faith
you may underestimate my value
but don't underestimate my fate
while others fighting drama
I'm fighting for my world
to change the way girls see themselves
as breasts, big butts and thighs
I'm tired of being devalued
Want to see girls have some pride
I am the future of my people
Intelligent and strong
My life not a tattered tale of redemption
Because I lived it wrong
I don't believe that every woman
has to give herself away
to others undeserving
I'm not an average female
nor virtuous paragon
I am the way God made me
Not apologetic to any
just hoping to change the paradigm
that has destroyed the esteem of many
Beautiful
Bodacious
Brown skinned
that's who my sister's are
Don't underestimate your value
Be proud of who you are!
